

Glenny Wood Fact sheet

Pedal Karts

1. The pedal karts are only to be used on the Sycamore plateau course.
2. We have two large karts, any age group to use these and the small karts for Beavers and Cubs (up to 10 years) age group.
3. Karts should all travel in the same direction
4. Using the road cones provided design your own course, perhaps a figure of eight, a large circle, or something different with lots of twists and bends. The area in front of the shed is the pit lane and not part of the overall course. Please remember to pick up the cones and put back in the shed when finished.
5. Please use the pit land area for change over.
6. The tyres mark the circuit and are there for safety reasons, these should not be moved or ridden on
7. All pedal kart riders must use the helmets provided
8. On the larger two Karts the seat may be changed to enable the rider to reach the pedals. There are specific seat positions. To change you pull the seat out of one place and into the required length. This should be done by hand only. Do not use hammers or other tools to move the seats.
9. There should be nothing attached to the karts.
10. Karts should be wiped clean before neatly storing in the Kart shed.
11. Helmets should be wiped clean before hanging up on the pegs provided in the Kart shed.
12. Spectators should be behind the tyres around the edge of the course and should not interfere with the pedal karts or riders.
13. The risk assessment must be reviewed before undertaking this activity and amended to meet the needs of your section.
14. Any damage to karts or track please let us know
15. **Risk Assessment** - We have a draft to assist you in completing your assessment. This can be reviewed at <https://glennywood.org.uk/home/safety/risk-factsheets>
16. There is Hand gel, a pack of wipes and disposal bags provided with this activity. It is however recommended you also bring your own.

**Cheering on the racers, having many great races and FUN is 100% encouraged....
and enjoy.**
